

## Dance Form Worksheet for Robotics

### **Directions:**

1. Select music and define the form.  
(Example: Verse 1, Chorus, Verse2, Chorus, Bridge, Chorus)  
(Or . . . AB AB C B)
2. Write down a movement routine for your Robot for two sections (Like the verse and chorus). Think in terms of forward, backwards, and turns. You may use "Python like" sentences or you may simply write directions
